

B G BOULTWOOD

Working 1910's - 1920's

A prolific early quality artist about whom we know very little. Seems to have been one of the more important staff artists working for The Motor Owner magazine. Most work signed with a "B" later in the 1920's a monogram with the letters superimposed. See adverts for Cole, Dunhill and Austin Cars in The Motor Owner July 1919.
